Short Bio

Eddie Dee Williams is an award-winning author of superhero romance thrillers that explore the psychological cost of power. Grounded in his faith in Jesus Christ, his series, *The Affinity Saga*, examines what happens to love, loyalty, and leadership when ordinary people are forced to carry extraordinary responsibility.

Long Bio

Eddie Dee Williams is an award-winning author, pastor, and Licensed Marriage and Family Therapist from Valdosta, Georgia who believes the greatest battles aren't fought with fists or powers—but within the human heart.

Grounded in his faith in Jesus Christ, Eddie's perspective on power, identity, and relationships is shaped by a belief that strength is not defined by dominance, but by responsibility, sacrifice, and the ability to carry what others cannot.

By day, he helps individuals and couples navigate identity, trust, leadership, and the fragile architecture of relationships. By night, he channels those same dynamics into explosive superhero storytelling.

The result is *The Affinity Saga*, a cinematic science-fantasy series where power collides with loyalty, love becomes a strategic liability, and every heroic decision carries a psychological cost.

Inspired by the high-stakes storytelling of *Mission: Impossible*, the *Marvel Cinematic Universe*, *Power Rangers*, *Brooklyn Nine-Nine*, and *Ocean's Eleven*, Eddie blends action, humor, romance, and emotional depth into stories that explore what happens when ordinary people are forced to carry extraordinary power—and what ultimately anchors them when that power is tested.

His debut novel, *The Affinity Theory*, earned multiple honors including:

- **First Place – Fantasy: Superheroes**, BookFest's *Spring 2025 Awards*
- **Winner – Fantasy**, Literary Global's *2025 Independent Author Awards*
- **Winner – Science Fantasy**, National Association of Book Entrepreneurs's *Winter 2025 Pinnacle Book Achievement Awards*

Born and raised in Valdosta, Georgia, Eddie is the oldest of five siblings and the son of Dr. Charles E. Vinson, Sr. and Evelyn D. Vinson.

He is also a devoted Christian, husband, father of two daughters, and the unofficial babysitter of his daughters' dogs.

Through both therapy and storytelling, Eddie explores one enduring question: *What happens when power tests the bonds that hold us together—and what sustains us when those bonds are pushed to their limit?*
